

CALL FOR APPLICATIONS 2009/2010

The Department of Gender Studies in Central European University is pleased to announce its Call for Applications for the academic year 2009/2010

The Department of Gender Studies offers degree programs in gender studies at the MA and PhD levels. The department seeks to attract students for its programs from a wide range of disciplines in the social sciences and the humanities, and focuses on integrative and comparative approaches in gender studies. A variety of intertwined scholarly interests (such as gender and (post) state-socialist studies, nationalism, theory, cultural studies, transnationalism, and international political movements) are emphasized. With an important, but not exclusive, focus on Central and Eastern Europe, both the MA and the PhD programs seek to contribute to the development of socially relevant knowledge based on these approaches, and to critically interrogate past and present developments related to gender in culture and society.
