### Men and Masculinities

=====

How can development practitioners encourage men and boys to resist harmful constructions of masculinity and adopt more 'gender equitable' masculine identities?

- Espen, E., Engaging Men in Gender Equality: Positive Strategies and Approaches. Overview and Annotated Bibliography, October 2006

This BRIDGE report - consisting of an overview, annotated bibliography, and contacts section - describes a broad range of innovative work being carried out in different parts of the world to engage men in the promotion of gender equality.
