# Transforming Gendered Well-Being in Europe

The Impact of Social Movements

Edited by **Alison E. Woodward**, Vrije Universiteit, Brussels, Belgium, **Jean-Michel Bonvin**, University of Applied Sciences, Western Switzerland and **Mercè Renom**, Institut Interuniversitari d'Estudis de Dones i Gènere, Spain

Social movements can improve the well-being of men and women but are frequently analysed through a gender-neutral lens. Taking an international and cross-disciplinary perspective, this book examines the impact of social movements on political and material well-being, self-definition and the capabilities to be gendered political actors in transnational political spaces.
